## KEY TO CLASSIFICATION AND STRENGTH OF GROWTH

Pernetiana—where Austrian Briar blood is dominant, producing short-lived foliage—P.

Pernetiana Hybrid—Austrian Briar in mixture, resistance of foliage, according to care given—PH.

Hybrid Tea—the pure breed, with long-lived, healthy foliage, and particularly recommended for regions with long growing seasons—HT.

Figures 1, 1½, 2, and 3 indicate our judgment of the Rose in descending ratio from the standard of Radiance, 1.

The following classification, as per J. H. Nicolas' chart in 1932 American Rose Annual, is reprinted by permission of the American Rose Society, with slight changes.

## CLIMBING TALISMAN ♦ Everblooming

4 years of testing in our nurseries proves it one of the best Climbers we have ever seen.

Originated and Tested by Dixie Rose Nursery, Tyler

A sport of the well known bush Talisman. We recommend this Climbing Rose for the South. It will not stand the rigorous weather of northern winters without some protection. We consider Climbing Talisman the most wonderful new Climber in existence.

65 cts. each;  
\$6.50 per doz.

## CLIMBING PRESIDENT HOOVER

Originated and Tested 3 Years by Dixie Rose Nursery at Tyler

**EVERBLOOMING.** Sport of bush variety President Herbert Hoover. Has the same bloom and colors. The plants we sell are adapted to the South.

This Climber has the long, straight canes of the bush Rose.

75c. each;  
\$7.50 per doz.
